

# IMPORTANT NOTICE

In May of 2011 the Southeastern Indiana Solid Waste District was able to suspend collection of fees for electronic and refrigerant bearing items. For over 5 years we have been able to pass the savings along to you and even supplement some of the costs of certain items. Unfortunately, because of the ever increasing costs of proper disposals and poor recyclables markets, the following fees will go into effect November 1, 2016:

<b><u>ITEM</u></b>	<b><u>FEE</u></b>

Screened Electronics (Televisions, Computer Monitors, etc)	\$15 each
