Bob made the motion to approve the appointments as discussed and changed. Shane seconded. Motion passed unanimously.

Matt said he wanted to discuss the county going red as far as Covid. He said he has been asked if the Government Offices are open to the public or if they are going to keep it open to the workers and open to the public by appointment only. He feels that decision cannot be made tonight since it is not technically a "Commissioners Meeting". He would just like for the other Commissioners to be thinking about this. Matt asked Nicci if she would reach out to the Health Department tomorrow and tell them that they would like to have a discussion with them on their recommendations.

Bob made the motion for Matt to be Chairman of Commissioners, Shane seconded. Matt said he would accept it.

Shane made the motion for Bob to be Vice-Chairman. Matt seconded. Bob accepted.

Chad Pittman spoke up and said he has helped at vaccination clinics for the State and he lives in Jennings County. He was offering any assistance that he could with the local efforts. He is very familiar with the test system, administration of it. He is not looking for compensation, he would just like to help if needed. Matt said he will get his name to the Health Dept.

Bob made the motion to adjourn. Shane seconded. Motion passed unanimously.
