

**Jennings County Commissioners
Special Called Meeting
September 15, 2022**

All commissioners were present.

Matt Sporleder called the meeting to order and Ellie Bright had prayer.

The commissioners are making a proclamation to rename Bridge 52 B to the Dave Lane Bridge.

Matt and commissioners looked at projects that Dave Lane was passionate about and after brainstorming for several hours they came up with the Bridge 52 B and the Butlerville School property. The commissioners would have liked to have taken ownership of the Butlerville School property and possibly put in a playground in Dave's name; but with the time restraints they wanted to do something before Dave passed. They have decided to look at the Butlerville School property at a later date but wanted to expedite the process on the Bridge. Matt has talked to Kathy Eaton McKalip and Randy Frey about this and they thought it was perfectly fine. This does not require state legislature to do so; that is what the meeting today is for. The commissioners need to take a vote. At a later date we will have a plaque made to install over the bridge and will have a ceremony at the bridge for the family and everyone will be invited.

Shane made a motion to name Bridge 52 B to David J. Lane Bridge, Bob seconded. Passed unanimously.

Bob made motion to adjourn, Shane seconded. Passed unanimously.

Tessia Salsman, Auditor

Bob Willhite, Vice-President

Matt Sporleder, President

Shane Boswell
